W8	Feedback Week	SMS/WhatsApp	10% off next order for rating	+200 new reviews

16. Competitive Landscape

Direct Competitors (Meat-forward fast food): local shawarma/grill chains offering wraps and plates.
Indirect Competitors: burger chains, pizza chains, and "modern levant" cafes.
Defensive Moat : signature kebab blend + fast oven process + strong delivery ratings.

17. Quality & Food Safety SOPs

Temperature Logs: Fridge checks 2× per day; grill core temp spot-checks during peak.

Allergen Notes: Dairy (cheese), gluten (dough/bread), sesame (tahini), possible nuts in desserts (if added).
Cleaning Checklist: End-of-day deep clean; weekly hood/filters; monthly pest control.

18. Technology Stack

POS: Tablet-based POS with inventory add-on.
Payments: Cash + card; optional e-wallet via delivery platforms.
Analytics: Daily sales export CSV; weekly dashboard in Google Sheets.
Customer Support: WhatsApp business line with canned responses.

19. Expansion Plan (12–18 Months)

Proposed New Areas: Tla'a Al-Ali, Tabarbour, and Marj Al-Hamam (Amman) for coverage gaps.
Decision Criteria: foot traffic, delivery heatmap density, rent-to-sales ratio target ≤ 8%, proximity to universities/offices.
CapEx per New Branch (Dummy): 28,000 – 45,000 JOD (fit-out + ovens + grill line + signage).

20. Appendices

A. Sample Customer Reviews:
• “Portions are huge and the kebab wrap is always fresh.” (5★)
• “Delivery was quick but fries arrived slightly cold.” (4★)
• “Spicy kebab pizza is addictive.” (5★)

B. Common Questions for Staff Training:
• “How to handle a wrong-item complaint on Talabat?”
• “How to keep kebab mix consistent between shifts?”
• “What is the re-make threshold for late deliveries?”
